

YOU WANT TO *maximize* YOUR BUDGET FOR CONVENTION ACTIVITIES, RIGHT?

**There are a lot of elements to
any convention activity:**

- Local knowledge and connections
- Venue identification and booking
- Event logistics
- Negotiating with Convention management
- Inviting the right people and state delegations
- Coordination with your VIPs
- Getting them there - on time
- Getting them where they need to be when your event is over

We can help you do that!

We're GOP Convention Strategies, and since 2008 we've worked with corporations and trade associations to plan and execute their national convention programs.

Let's face it, each convention is a one time deal in a new city with lots of moving parts. There are no make goods.

You want someone on your team who knows the layout, has the right connections, and brings the experience to make sure things go well for you.

Our business is putting it together for you, so you can enjoy the convention and make your mark.

GOP Convention Strategies was a great fit for our team. They delivered on all tasks, were fun to work with, and priced right. We were very comfortable having them as our consultants to provide assistance and extra hands to assure all of our events were a success."
